

CORVO

EXCLUSIVE BESPOKE RUGS

CORVO is more than a rug brand — it is an atelier where every idea takes shape, texture, and meaning.

Each piece is unique and exclusive, reflecting the soul of its maker and the legacy of generations who have perfected the art of transforming thread into emotion.

Proudly crafted in Portugal, our rugs combine contemporary design with exceptional craftsmanship, creating timeless pieces made to be cherished across generations. More than simply enhancing interiors, they tell stories, forge connections, and become lasting symbols of beauty and authenticity.

At **CORVO**, every rug is an expression of identity, heritage, and living art.

Our home is a place of inspiration. It is where we dream, reconnect with what truly matters, and return to our roots.
